# Safe, Clean Water and Natural Flood Protection Program

The Safe, Clean Water and Natural Flood Protection Program is a voter-approved, 15-year program to ensure uninterrupted water resources services in Santa Clara County.

## Notice of Public Hearing

**What:** Public Hearing on proposed modification to the Upper Llagas Creek Flood Protection Project

**When:** Jan. 14, 2020 at 1:00 p.m.

**Where:** Santa Clara Valley Water District (Valley Water) Boardroom, 5700 Almaden Expressway, San José, CA 95118

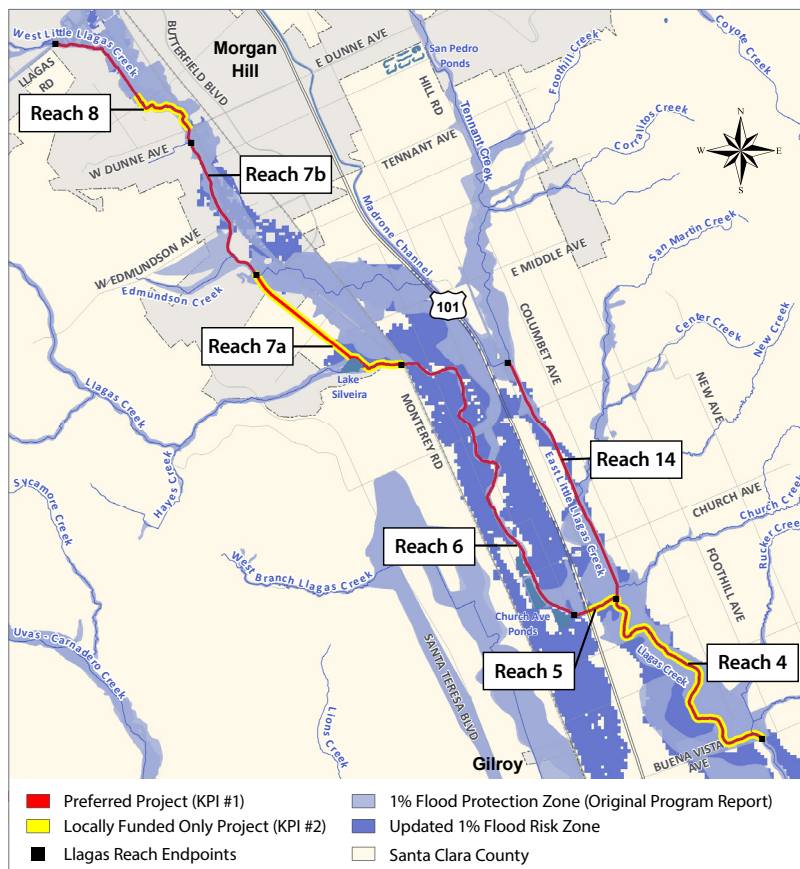

Modifications to the voter-approved program require a public hearing. The proposed modification is for the locally funded Key Performance Indicator of Project E6, the Upper Llagas Creek Flood Protection Project.

## Project E6: Upper Llagas Creek Flood Protection

The primary objective of the project is to plan, design and construct improvements along 13.9 miles of Upper Llagas Creek from Buena Vista Avenue in Gilroy to Llagas Road in Morgan Hill, including West Little Llagas Creek in downtown Morgan Hill.

The proposed modification is for the locally funded Key Performance Indicator of the project. The modification increases the length of the project to be built with local funds from approximately 2.9 miles to 4.9 miles in addition to constructing the onsite compensatory mitigation. Besides getting the most out of the available local dollars, this approach keeps the project moving forward, shortens the construction window without inducing flooding downstream and maximizes the potential for external funding opportunities. This modification

### Project E6: Upper Llagas Map

also reflects improved collaboration with regulatory permitting agencies that require early mitigation for the project impacts.

### Proposed modification to the Key Performance Indicator:

With local funding only: Construct flood protection improvements along Llagas Creek from Buena Vista Avenue to Highway 101 in San Martin (Reaches 4 and 5 (portion), Monterey Road to Watsonville Road in Morgan Hill (Reach 7a), approximately W. Dunne Avenue to W. Main Avenue (portion of Reach 8), and onsite compensatory mitigation at Lake Silveira.

### For more information

The board agenda memo regarding this hearing will be available on January 3, 2020 at [www.valleywater.org](http://www.valleywater.org). For more information on the public hearing, contact **Meenakshi Ganjoo** at [mganjoo@valleywater.org](mailto:mganjoo@valleywater.org) or (408) 630-2295.
