CERTAIN REAL PROPERTY OR INTERESTS IN REAL PROPERTY BY EMINENT DOMAIN
FOR THE COYOTE CREEK FLOOD PROTECTION PROJECT (PROJECT NO. 26174043)
(CODE OF CIVIL PROCEDURE SECTIONS 1245.220, et seq.)**

WHEREAS, the Santa Clara Valley Water District ("Valley Water") intends to complete the Coyote Creek Flood Protection Project ("Project") to implement flood improvements along approximately 9 miles of Coyote Creek between Montague Expressway and Tully Road; and

WHEREAS, the Project's primary objective is to provide protection to areas of Coyote Creek from floods up to the level that occurred on February 21, 2017, equivalent to approximately a 5% Annual Exceedance Probability flood (also referred to as a 20-year event) and has the additional objective to protect downstream communities from the potentially heightened flood risk they will face if the Coyote Creek Channel does not have the capacity to receive the increased flow anticipated once diversion for the Anderson Dam Seismic Retrofit Project (also referred to as a Stage 2 diversion system) commences diversion at full capacity; and

WHEREAS, pursuant to the California Environmental Quality Act ("CEQA") (Public Resources Code §§ 21000 et seq.), Valley Water certified the final Environmental Impact Report ("EIR") for the Project on March 11, 2025; and

WHEREAS, Valley Water is authorized to condemn property for the Project pursuant to Article I, Section 19 of the California Constitution; Part 3, Title 7 of the California Code of Civil Procedure; Section 6 of the Santa Clara Valley Water District Act, and other provisions and principles of law; and

WHEREAS, the property interests to be acquired for the Project are described and shown in more detail in the plat map and legal description attached hereto as Exhibits A and B incorporated herein (collectively, the "Property Interests"); and

WHEREAS, the Project cannot be completed without the Property Interests, and acquisition of the Property Interests is accordingly necessary and in the public interest; and

WHEREAS, because the use of the Property Interests for the Project will not unreasonably interfere with or impair any public use as it now exists or may reasonably be expected to exist in the future and, therefore, is compatible with any other public uses, the property is sought to be acquired pursuant to California Code of Civil Procedure Section 1240.510; and, to the extent they are not compatible, the use for which the property is sought to be taken is a more necessary public use than the use to which the property is appropriated and accordingly the property is sought to be acquired pursuant to California Code of Civil Procedure Section 1240.610; and

WHEREAS, Valley Water made an offer of just compensation to purchase the Property Interests from the owner of record on June 16, 2025, based on a current appraisal and in compliance with California Government Code Section 7267.2 and the owner has declined such offer; and

WHEREAS, on December 16, 2025, Valley Water provided by certified mail to all persons whose names appear on the last equalized county assessment roll as having an interest in the property a notice that Valley Water's Board of Directors would hold a hearing on January 27, 2026, to consider the adoption of a resolution of necessity authorizing Valley Water to acquire the Property Interests by eminent domain; and

WHEREAS, Valley Water's notice of intent letter advised all such interested persons of the time and place for the hearing, their right to be heard in relation to that matter, and that their failure to file a written request to appear and be heard at the hearing by December 31, 2025, would result in a waiver of their right to be heard; and

WHEREAS, Valley Water has calendared consideration of this Resolution as an item on its Agenda and invited public comment prior to the meeting; and

WHEREAS, Valley Water's Board of Directors held a public hearing on January 27, 2026, to consider the adoption of this Resolution, and all interested parties were given an opportunity to be heard.

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of the Santa Clara Valley Water District finds, determines, and hereby declares:

1. The public interest and necessity require the Project;
2. The Project at this location is planned or located in a manner that will be most compatible with the greatest public good and the least private injury to the San Jose Unified School District;
3. The Property Interests described herein in plat maps and legal descriptions attached hereto as Exhibits A and B are necessary for the Project;
4. Valley Water made the offer required by California Government Code Section 7267.2 to the owners of record;
5. Because the use of the Property Interests for the Project will not unreasonably interfere with or impair any public use as it now exists or may reasonably be expected to exist in the future and, therefore, is compatible with any other public uses the property is sought to be acquired pursuant to California Code of Civil Procedure Section 1240.510, and, to the extent that they are not compatible, the use for which the property is sought to be taken is a more necessary public use than the use to which the property is appropriated, and accordingly the property is sought to be acquired pursuant to California Code of Civil Procedure § 1240.610;
6. Valley Water has complied with all conditions and statutory requirements necessary to exercise the power of eminent domain to acquire the Property Interests;
7. Valley Water has complied with the requirements of CEQA for the Project; and
8. Valley Water's Office of the District Counsel and/or its designee is hereby authorized to commence and prosecute an eminent domain proceeding to acquire the Property Interests, to deposit the amount of probable compensation pursuant to Code of Civil Procedure Section 1255.010, and to acquire prejudgment possession of the Property Interests as may be necessary for the Project.
