Comment Form

As President of National African American Civil Rights Organization, I stand in support of Rebecca Eisenberg. As a legal advisor for our organization, I've witness her passion and fight for women's rights and more recently, she was given the opportunity on the local Fox News to lend her voice of the injustice on the educational system. I'm not sure why her voice is continued being suppressed, when Valley Water has been dealing with harassment since 2008. Now you're placing something on the agenda to deflect what the real issues are within your organization. I strongly suggest, you not only listen to Rebecca, but to all the employees that is sharing these horrific harassment charges that's coming before you.
