Dear Santa Clara Valley Water District Board of Directors,

We, the San Jose/Silicon Valley Branch NAACP, are writing today to ask the Board to join us in standing up for the CA Water Fix.

The communities that our organization serve, as well as represent, depend on a reliable water supply. Any disruption to a clean water supply would be disastrous for the health of our communities, causing very unwelcome consequences, and also cause economic hardship to the local economy and businesses.

The CA Water fix is the solution to these issues and will alleviate the potential severe vulnerability to local water supply.

Please join us in supporting CA Water Fix.

Sincerely,

Hellen Sims, 2nd Vice President
