I would like to

Express Opposition

Comment Form

I would like to express opposition to the Palo Alto recycled water program that represents a huge billion dollar waste of funds. Palo Alto does not want to work with Valley Water and the effort to court them at any cost will only lead to an even larger price tag, no negotiating leverage, and an embarrassing legacy for the board. The funds could be spent other projects and is deaf to the clamor to capture and store the millions of gallons of rain that just washed away to the ocean after the rains. Please spend the money wisely and be smart about it.
