Subject: Leave to present a late claim  
To: <[board@valleywater.org](mailto:board@valleywater.org)>

Board of Valley water Santa Clara County:  
My name is Ricardo Richard Nalawagan and I am petitioning /  
Filing a "Late Claim" for your consideration.  
I am a reasonable prudent, right of mind man.  
Explanation for my late filing is as follows.

After Valley water employee's entered illegally into my home my tent, and proceeded to not only vandalize it, they took my life's  
Property which I have submitted a list of, Valley water employees preceded to completely tear up my tent. Your employees also put some of my items in their trucks. I have witnesses, I have pictures to prove this allegations.  
The reason for my late filing were that I became very depressed being that I was almost getting out of the creek, getting my life back. I lost my home and now when your employees were supposed to only clean around, which there was no mess around my tent . I was very depressed,  
I became mentally incapacitated after the occurrences, which were damages lost ,stressed ,confused for a long time,loss of work as well.  
I finally got things back together with the help of the "Do Gooder"  
As I call her Connie De La Cruz who for some reason or another talk me into not going to the press with my pictures and my video so I'm doing this at the last attempt. I am no longer at the creek, I have plenty of references I have sent everything to Lillian and basically that is the reason which I just gave you why I did not file on time.  
Board of directors committee,  
I Ricardo nalawagan are asking for you to further look into this please.

On another note....

I will retain an attorney if that's what I need to do because this is real this is true this is not the first time that it's happened. I have worked very hard to help the people around it to help them clean to make them see a better way and so I could say a lot more but I believe that I deserve to have this I would like my 19,000 and basically that's about it.  
On a lighter note, you're very lucky to have that do gooder on your side because there's so many inconsistencies with she recorded which she video taped, she has the conversations of Jennifer I guess it's the lady who was helping her which completely contradict the truth.  
This is what the doogooder Connie the would like me to do but it is my last before I go to an attorney. She does want to meet with you I do not believe I want to she has my permission to speak on my behalf one last time.  
For myself, I read my rights and the chances that I can have to reclaim this for late claims.

I expect an answer soon please I'm not the type of person to wait. I hope this was satisfactory for the committee and I hope I didn't disrespect in any way, but you really need to pay attention to this because there's so much information there's so much inconsistencies there's so much footage which I'd love to just turn in but I believe that I have been persuaded to do no harm towards Valley water.

Would like to hear from you by the end of the week please.

Ricardo Richard Nalawagan Jr

I would like to add that this has been a real heart ship for me. I want you to know that I know what can happen and the stalling of my case if you rejected just buys more time for your company to go to another step and another step which you must know that I will win because I have proof and witnesses prove that you do not want shown. Why don't you do the right thing and just get this over with please because it's been too much there is footage that I just observe from Connie De La Cruz which she is not wanting to show it's ridiculous but this is just how and how it's going to go down so please make a decision quick you know that your company is lucky very lucky because we know that millions the company has received the new jobs created and I think one-on-one still equals to as we can add and we can show it's just about time that this happens so please I expect a response by the end of this week thank you Ricardo Richard Nalawagan
