Comments:	The Loma Prieta Sierra Club Water Committee would like to thank the Board of Directors for taking this step to create a FAHCE Ad Hoc Committee to speed up progress on review, permitting, and implementation of projects required by the Settlement Agreement. We plan to participate with this committee and encourage action on any and all projects that will help restore the steelhead trout and salmon fisheries. We look forward to working with you to break the cycle of delay that has plagued this project for years.
