I'm writing to support Director Barbara Keegan as Chair of the Valley Water Board for 2024. Barbara is currently Vice Chair and the best choice to lead the board in the coming year. She is ethical and has demonstrated her commitment to the public good. Barbara works to bring about consensus and get results. As one of only two engineers on the Board, she has the technical knowledge to make informed decisions about the complicated issues that Valley Water faces, and the communication skills to explain her choices. The last three chairs of the Board have been men. It's time for a woman to set the agenda.
