Comments:	I have deep concern about the about the homes along Stevens Creek Trail in Mountain View being suitable for housing the homeless. I advocate that the 19 homes be considered exempt from this policy on the grounds that that their location is not suitable for housing homeless persons who need both services and access to transit. In closing, I know that many of us in this neighborhood, me included, are strong affordable housing advocates. However, we need to address the affordable housing and homeless issues in appropriate ways. Housing the homeless in this location makes no sense for anyone. I would be very supportive of these homes offering affordable housing for district teachers, police officers and emergency personnel. Would be a win-win for our neighborhood. Thank you!
