Subject: 4/25/17 Agenda Item 2.6 public comment

Michele,

I just submitted this comment through the website comment feature. Since I'm last minute, I'm sending via email as well.

There is no decision that is up for a vote today regarding groundwater production charges, rates, or property taxes. I'm writing to request that information be provided to the public regarding funding allocations for the Oroville Dam spillway repair project and how the project will be covered by any or all of these funding mechanisms. Estimated costs are available and therefore should be included in the 2017-2018 budget and funding sources accounted for.

The public deserves to know exactly how SWP projects will be paid for and how individual projects will increase these various public charges/costs.

Thank you,

Katja Irvin
District 2 Resident
