

# John D. Morgan Park Monitoring Wells Project

Notice of Completion of Construction Contract

October 10, 2017

# Presentation Topics

- ▶ Project Objective and Location
- ▶ Project Construction Costs
- ▶ Construction Photos

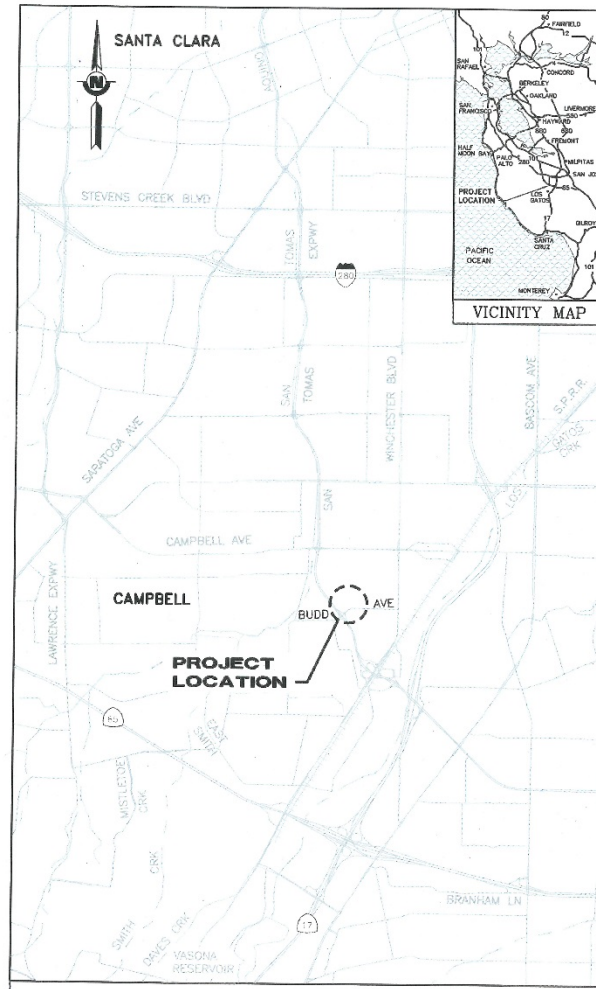

# Project Objective

- The objective of the Project is to construct monitoring wells to support the Expedited Purified Water Program, which includes potential indirect potable reuse (IPR) using purified water in the Los Gatos recharge ponds. The Project will facilitate groundwater monitoring needed to satisfy state permitting requirements for IPR projects.

# Project Location

Santa Clara Valley  
Water District
