

Bob Yamada

Director of Water Resources

Mr. Yamada is the Director of Water Resources for the San Diego County Water Authority. His responsibilities include leading the water supply planning, drought response, Integrated Regional Water Management planning, facility planning and environmental and regulatory compliance activities for the Water Authority. Mr. Yamada led the negotiation of the technical aspects of the Water Purchase Agreement for the Claude “Bud” Lewis Carlsbad Desalination Project and currently oversees Water Purchase Agreement compliance for the Water Authority.

Mr. Yamada has been with the Authority since 1992. Prior to that, he worked as a civil engineering consultant for 8 years. He holds bachelors and masters degrees in civil engineering from San Diego State University, and is a registered civil engineer in California. Mr. Yamada is a past president of the American Membrane Technology Association (AMTA).
