| Comments:                                     | We are apposed to the water fix. The twin tunnels is the worst solution ever presented. I attended 3 meetings each time much better solution were offered but Browns appointees showed a totally CLOSED Mind. Vote NO the is not a fix. Take a good look at NYC tunnel one, 15 years and still NO Water through it 3X over budget. |
