**ADDENDUM NO. 1
TO CONTRACT DOCUMENTS FOR THE
COYOTE CREEK LEVEE RODENT DAMAGE REPAIR UPSTREAM SR 237 PROJECT
Project No. 62084001 Task No. 5168 Contract No. C0639**

Notice is hereby given to Prospective Bidders that the Contract Documents are modified as hereinafter set forth.

BID DOCUMENTS

BID FORM NO. 1

REPLACE BID FORM NO. 1 Proposal Form and Bid Items with:

"BID FORM NO. 1 (REV 1) Proposal Form and Bid Items (**ATTACHMENT 1**)"

SPECIFICATIONS AND CONTRACT DOCUMENTS

SPECIAL PROVISIONS

SECTION 13. GENERAL REQUIREMENTS

Article 13.06. Contractor's Engineering and Design

REPLACE Paragraph A. with:

- "A. In accordance with California Code of Regulations (CCR): Title 8, Chapter 4, Subchapter 4, Construction Safety Orders, Contractor shall submit certified shoring design calculations and sketches, as needed, to the Engineer for review as required."

TECHNICAL PROVISIONS

SECTION 23. PREPARATORY WORK

Article 23.04.03. Soil Preparation

REPLACE Paragraph A. with:

"A. Refer to Article 24.01.02.03.J, K for Soil Preparation requirements."

Article 23.07.06. Measurement

REPLACE Paragraph A. with:

"A. Asphalt Concrete Replacement shall be measured and paid as the actual area of asphalt concrete replaced. Installation of asphalt concrete, tools, equipment and incidentals for replacement of asphalt concrete shall be included in the tonnage of asphalt concrete installed in place and accepted."

Article 23.07.07. Payment

REPLACE Paragraph A. with:

"A. Full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all work required to replace Asphalt Concrete Pavement, as shown on the Drawings and as specified herein, shall be included in the unit price bid per ton for **ASPHALT CONCRETE REPLACEMENT—Bid Item No. 11.**"

GENERAL QUESTIONS & RESPONSES

Question 1	The quantity for bid item #11 "Asphalt" does not seem correct. I think the path replacement section is 890' long x 12' wide 4.5" thick. This equates to about 148 Cy or 300 tons of asphalt. Am I looking at this item incorrectly?
Response 1	Please refer to Attachment 1 of Addendum No. 1 for all revised approximate quantities and corresponding units.
Question 2	I'm helping a client with their bid for the Coyote Creek Levee Project and had a question. Their particular strong suit is in Slurry Wall construction. Do you think that would cover enough of the project for them to bid as GC?
Response 2	The project is mostly related to earth moving operations.

Question 3	Can you please confirm that the bonding limits will be reduced to the remaining contract value at the completion of milestone 1? Also will the builders risk coverage period end with milestone 1 completion as stated in the downstream addendum #1?
Response 3	Builders risk (course of construction) insurance coverage requirements as specified in Articles 14.16.01.C will end at the completion of Milestone #1 and after acceptance of the Project by the Board of Directors. Guarantee and Guaranty Bond shall be as specified in Article 11.02.

THIS ADDENDUM NO. 1, WHICH CONTAINS 3 PAGES AND 1 ATTACHMENT, IS ATTACHED TO AND IS A PART OF THE SPECIFICATIONS AND CONTRACT DOCUMENTS FOR THIS PROJECT.
