

Board Chair's additional requests regarding Fees

1. Staff to investigate time and costs for our staff to review Development Plans in each of the 15 cities in the County, with an eye toward assessing fees for the following:

a. Water District staff to attend Development meetings particularly for projects occurring near rivers, creeks, flood zones or riparian corridors. We need to be involved at critical stages not at the end. Discuss with Cities.

b. Water District staff to review development plans, with emphasis on Flood Zones, regulatory permits and access to or build out of recycled water system. We need to be involved at critical stages not at the end. Discuss with Cities.
