## Board of Directors

## Valley Water

5750 Almaden Expressway, San Jose, CA 95118

April 5, 2020

Dear Chair Hsueh:

The Silicon Valley Leadership Group is pleased to invite you to sponsor our 2020 Energy & Sustainability Summit on July 24, at Oracle Conference Center in Redwood City as we focus this year on "The climate decade: How do we build a zero carbon and climate-ready world?"

We will convene executives, elected officials and NGO leaders to discuss how to employ the latest technologies and practices to create value and build resiliency in organizations amidst a rapidly changing landscape. The Summit brings together more than 350 businesses, nonprofit, and public sector leaders to share best practices, lessons learned and practical solutions. The 8th annual Silicon Valley Energy and Sustainability Summit will feature C-Suite plenaries, policy roundtables and case studies, all focused on the business case for leadership on climate, clean energy and water conservation and efficiency. The event will focus on a host of issues of particular importance to the Santa Clara Valley Water District, including the water/energy nexus, climate change, water supply and flood risk.

I hope you will take a moment to review the enclosed information detailing the sponsorships we are offering at this year's Summit. Please also note that we would like to offer the following in return for a suggested sponsorship level of \$12,000:

- Exhibitor booth in the main Summit hall in the conference center (\$5,000 value)
- Opportunity for an executive to participate onstage at the event (\$7,500 value)
- 10 complimentary tickets for District staff and guests (\$4,000 value)
- District logo on all materials associated with the event (\$10,000 value)

Thank you in advance for your consideration.

We look forward to working with your team to put on a great event later this year!

Sincerely,

Mike Mielke

Senior Vice President, Environment and Energy  
Silicon Valley Leadership Group

2020 Silicon Valley

ENERGY &  
SUSTAINABILITY  
SUMMIT
