REVISED SCHEDULE OC REVISED ATTACHMENT ONE FEES AND PAYMENTS

1. Total Authorized Funding.

Total payment for Services performed, to the satisfaction of Valley Water, as described in the Schedule and in all approved Task Orders will not exceed a total amount of **\$1,750,000 (Not-to-Exceed Fees or NTE)**. Under no conditions will the total compensation to the Consultant exceed this NTE payment amount without prior written approval in the form of an amendment to this Agreement executed by the Valley Water's Board of Directors (Board), or Chief Executive Officer, or designee, as authorized by the Board. It is understood and agreed that this total is an estimate, and the total amount of Services to be requested by the Valley Water may be less. **There is no guarantee, either expressed or implied, as to the actual dollar amount that will be authorized pursuant to this Agreement.**

2. Terms and Conditions.

Payments for Services performed, as described in each Task Order, which applies to the specific Services, will be based on the following terms:

- A. The Valley Water will pay for Services provided by the Consultant according to the rates for professional, technical, and administrative personnel as well as materials and supplies as listed below in the Hourly Rate and Unit Rate Schedule(s).
- B. The stated hourly rates are effective for the term of this Agreement unless otherwise revised as indicated. After 12 months from the date this Agreement is entered into by parties ("anniversary date"), and each 12 months thereafter, these hourly rates may be negotiated by the Consultant and the Valley Water, provided Consultant submits written notice to Valley Water of Consultant's request to revise the hourly rates 90 calendar days prior to the anniversary date of this Agreement. Both parties will use as a benchmark for negotiations the percent change for the previous 12 months of the "Employment Cost Index (ECI), for total compensation for private industry workers, for the San Francisco-Oakland-San Jose, CA CSA Census region and metropolitan area (not seasonally adjusted)" as published by the U.S. Department of Labor, Bureau of Labor Statistics, or **2.5%** whichever is less. A negative index will result in rates remaining the same. Such rate revisions are subject to written approval by the Valley Water's Deputy Operating Officer.
- C. Reimbursable Expenses.
 - 1. All reimbursable expenses not already covered in overhead may include, but are not limited to, mapping, rendering, printouts, leased equipment, mailing and delivery services, printing services, film and processing, plotting, and supplies. These other direct expenses as approved by the Valley Water Project Manager will be billed on a monthly basis at actual cost plus 5% linked to each Agreement Task, provided that the Task total NTE amount is not exceeded. Consultant shall provide receipts for each other direct expense item(s) with monthly invoices submitted. The 5% markup will be applied only

once, either by the Consultant or by its subconsultants, subcontractors, or vendors.

2. Equipment purchased on behalf of the Valley Water that costs \$50 or more must receive the prior written approval of the Valley Water Project Manager. All equipment purchased on behalf of the Valley Water and paid for by the Valley Water shall become the property of the Valley Water and be delivered to Valley Water prior to expiration of this Agreement.
 3. Travel expenses are reimbursed at actual costs. Travel and overnight accommodations, including per diem, required for performance of this Agreement will be paid at reasonable cost not to exceed the U.S. General Services Agency Per Diem Rates for Sunnyvale/Palo Alto/San Jose, California area, provided prior approval has been obtained from Valley Water Project Manager. For air travel, Valley Water will pay the cost of a coach class or equivalent ticket. Where air travel is required, Valley Water will pay the total cost of taxi, rideshare, public transportation, or a rental car, which may include insurance, gas, car fee, and taxes and will be paid at the actual costs incurred. Vehicle rental is limited to a compact or economy model, unless prior approval has been obtained from Valley Water Project Manager for a different type of vehicle.
 4. Expenses incurred by the Consultant for Subconsultants, subcontractors and vendors, including lab services, will be reimbursed at actual cost plus 5%. Consultant shall provide invoices for all such services regardless of cost. The 5% markup will be applied only once, either by the Consultant or by its subconsultants, subcontractors, or vendors.
- D. For staff with rates exceeding the rate of \$[RATE LIMIT]/hr, the Consultant must obtain written approval from the Valley Water Project Manager as to the numbers of hours per task prior to that individual working on the Project. [NOT USED]
- E. **Prevailing Wage Requirements**
1. The Scope of Services described in Tasks 1- 6 is considered by the Valley Water to be "Public Works" requiring the payment of prevailing wages. See the Revised Standard Consultant Agreement Section Four, Fees and Payments, subsection 3., Prevailing Wages.
 2. In accordance with prevailing wage laws, the Director of the California Department of Industrial Relations (Director) has ascertained the general prevailing rate of wages and employer payments for health and welfare, pension, vacation, and similar purposes available to the particular craft, classification, or type of workers employed on the Project. These rates are set forth in the latest determination obtained from the Director, which is on file in the Valley Water's Office of the Clerk of the Board of Directors and incorporated herein by reference the same as though set forth in full. The rates are also available on the State of California Department of Industrial Relations website at <http://www.dir.ca.gov>.
