Subject: Well Water Increases

Hi,

From my understanding there is a proposed tax increase on wells in Santa Clara County. I am on a well and I contest this increase. Not only do we already pay high taxes, we also pay to operate the well. Additionally, due to COVID so many people, including myself, have been unemployed in 2020 and 2021. What a terrible time to increase taxes on citizens!

Best regards,

Russell and Sandy Fewkes
