

# Capital Improvement Program (CIP)

## Project Delivery Process\*

**Cross Valley Pipeline Extension Project,  
Contract No. C0676, Project No. 91864005**

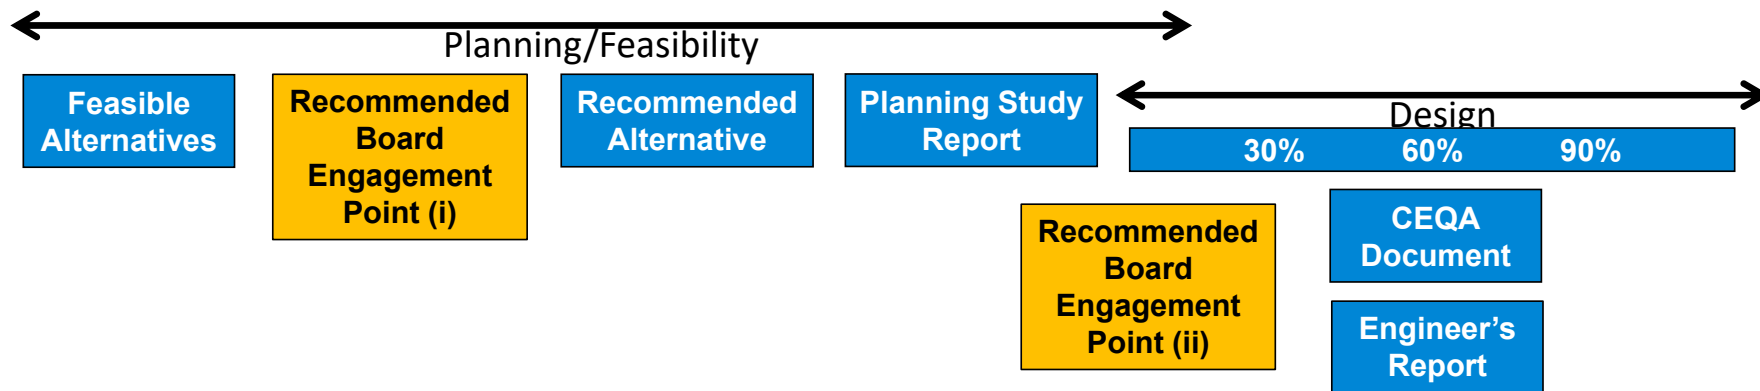

Proposed Board Action(s) requested by this Item.

F-751-093 Project Delivery Process Chart for Board Agenda Items Revision: D Effective Date: 03/15/2021

# Capital Improvement Program (CIP) Project Delivery Process\*

Board Engagement/Actions

**Additional Recommended Points for Board Engagement**

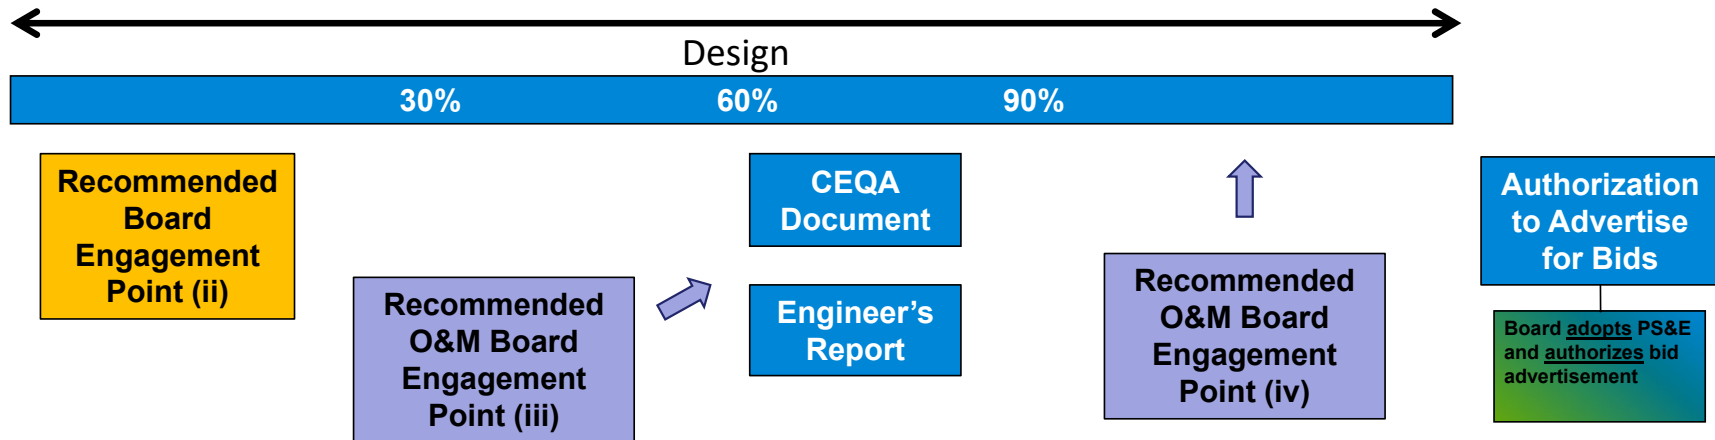

For capital projects with unusually complex fiscal, jurisdictional, environmental, or community considerations:

- i. During the Planning/Feasibility Phase, after identification of the Feasible Alternatives, but before selection of the Recommended Alternative, bring forward a presentation to the Capital Improvement Program (CIP) Committee regarding the Feasible Alternatives and staff's initially proposed Recommended Alternative and, if recommended by the CIP Committee, present to the Board for feedback in order to inform the selection of the Recommended Alternative; and
- ii. For the projects for which the Board provided feedback regarding the Recommended Alternative, should changes to the project occur during the Planning and initial Design Phases that result in a significant deviation from the Recommended Alternative, staff will return to both the CIP Committee and the Board to provide information and receive feedback, as necessary, prior to the public review of the California Environmental Quality Act (CEQA) document.

Additional Recommended Points for O&M Engagement  
DRAFT – For Discussion Purposes Only

For all capital projects:

- iii. As part of the Board memo on either the Engineer's Report or CEQA document, include an O&M cost and impact assessment
- iv. If significant changes occur after the Engineer's Report or CEQA document is approved by the Board, present an updated O&M cost and impact assessment to the Capital Improvement Program (CIP) Committee
