## BOARD AGENDA MEMORANDUM

### **SUBJECT:**

Update on United States Army Corps of Engineers Partnership Projects for Fiscal Year 2019.

### **RECOMMENDATION:**

Receive and discuss information related to status of the United States Army Corps of Engineers projects where the District is the Local Sponsor, Co-Local Sponsor, or member of a Local Sponsor Agency.

### **SUMMARY:**

#### USACE Partnership Projects:

The District is currently partnering with the United States Army Corps of Engineers (USACE) on planning, design, and/or construction of eight flood protection projects that will provide flood protection for approximately 22,600 homes, schools and businesses in Santa Clara County. Staff updates the Board annually on all USACE partnership projects in preparation for upcoming legislative meetings in Washington, D.C., in which the District will be requesting federal funding for its projects. Key staff from the USACE San Francisco District Civil Works Branch will present information and address the Board's questions on the following projects:

1. South San Francisco Bay Shoreline Construction
2. South San Francisco Bay Shoreline Phase II Study
3. San Francisquito Creek Feasibility Study
4. Upper Berryessa Creek Construction
5. Upper Guadalupe River Design & Construction
6. Coyote Creek Feasibility Study
7. Upper Llagas Creek Permitting and Construction
8. Upper Penitencia Creek Feasibility Study

### **FINANCIAL IMPACT:**

There is no financial impact associated with this informational item.

**CEQA:**

The recommended action does not constitute a project under CEQA because it does not have a potential for resulting in direct or reasonable foreseeable indirect physical change in the environment.
